Te Whare Taonga o Te Arawa
ART | CULTURE | HERITAGE

Print out this page or if you do not have a printer draw a column of 7 squares like this on a piece of A4 paper or cartridge.

Choose a colour with no white added and paint it in this first box

Add a touch of white to your colour. Mix well and paint the new tint here.

Repeat but with a little bit more white mixed into your colour. Paint the new tint here.

Keep going until you have filled in all the boxes. You may wish to draw further boxes and create further tints until you get a tint that is almost 100% white.
