# Kia ora and welcome

4 November 2022

The start of Term 4 begins the rush towards the end of the school year. We'd like to take some time to reflect on what has been a challenging yet rewarding year for our team. Everyone we feel deserves praise for seeing out another unusual year.

In review we saw the departure of our former lead Emma Liley and welcome into our small ED team Dominique Chandler. Dom brings a fresh new perspective to our team and we are excited to grow and improve with her input.

We farewell Jessica Cathro, the Digital Technology Educator for Te Aka Mauri Rotorua Library. Jessica is a familiar face to local schools as she has run digital tech programmes for our team. She has also taken a lead in the community promoting and running competitions involving Aquabots, Evelocity and RoboCup Jnr.

Jessica has chosen to go back to study and we wish her well in her future endeavours.

In this booklet you will see how we can help enrich local curriculum as the majority of our current and future programmes will have a strong link to Rotorua or Te Arawa. We strongly recommend you start booking for 2023 as soon as you have completed your planning.

Enrich local curriculum experiences for your ākonga by booking well in advance. Our programmes book up quickly and availability is rare on short notice.

We look forward to seeing you in the new year and wish you and your family a wonderful summer and festive season.

# Rangatahi Visual Arts Showcase

The Rotorua Museum Education team have an exciting opportunity for all our local schools to showcase artworks in Te Aka Mauri (Rotorua Library and Health Hub).

Showing artwork in a community space helps us to celebrate the richness of youth creativity we have here in Rotorua. It allows selected works by each school to be appreciated by whānau as well as the general public.

Throughout the year there will be themed exhibitions with targeted year levels so that our community can celebrate the amazing artwork produced by students of different ages.

The artworks will need to be on A4 paper so that we can easily slip the works into professional frames for display.

Look out for further details as we will send information to schools in the near future.

If you would like to receive this information directly please **send an email to [museumED@rotorualc.nz](mailto:museumED@rotorualc.nz) with “Arts Showcase” in the subject line.**

## Discovering Aotearoa

### Quick Glance

Suitable for:

**Secondary  
Y 9-10**

**1 ¾ hrs**

Up to 30 students per session

**Venue: Te Aka Mauri Rotorua Library**

How did early Te Arawa tūpuna (ancestors) like Tamatekapua and Ngātoroirangi find their way across the Pacific Ocean to a new land?

Students will find out about the skills required not only to journey to Aotearoa, but how numerous trips were made back and forth from Hawaiiki. This programme looks at why early explorers came to Aotearoa, the events that happened when they arrived and why they stayed.

A great programme to teach the big idea Māori history is the foundational and continuous history of Aotearoa New Zealand.

Our Place, Whakarewarewa & Buried Villages

The 1886 Mt Tarawera eruption can be explored in depth by visiting three Rotorua attractions.

Students will visit sites relevant to the eruption. Te Wairoa was the main village near Mt Tarawera during the eruption. Today it survives in a new form as the Buried Village.

The Whakarewarewa Thermal Village is where many survivors of the eruption rebuilt their lives and families.

This package is completed with a curriculum linked programme delivered by a Rotorua Museum educator.

**Prices until 30.09.23**

**Rotorua School**

**Primary: \$12.00**

**Secondary: \$18.00**

**Adults: \$35.00**

One adult free per 10 students on the general package.

Concert available at Whakarewarewa Village at additional cost. Must be pre-booked before visit.

Venue: Te Rūnanga Tea House

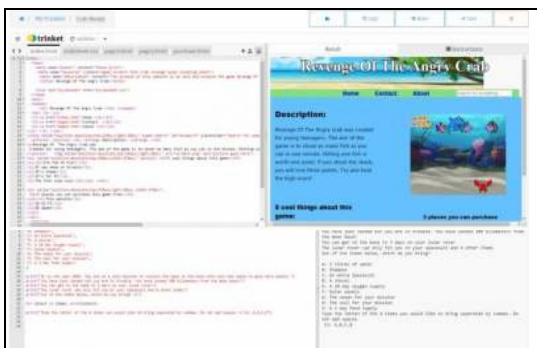

Using museum collection items, photographs and film, students will identify why we have volcanoes such as Tarawera in our region and how tourism developed at Te Wairoa in the early 1880s.

They will explore how the 1886 eruption affected the lives of people, changed the landscape and look at how to predict the likelihood of future eruptions.

Please let us know your specific learning outcomes so we can adapt our programme to suit.

# Let's Get Coding

## Quick Glance

### Suitable for:

**Secondary  
Y 9-13**

### Digital Technology NCEA L 1, 2 & 3

**2 hrs** Up to 30 students per session

### Our Place or Your School (Outreach)

Whether it's a brand new introduction for primary students, or a refresh for high school students, we can tailor our Let's Get Coding programme to the age and experience of your students.

During this programme, students will create at least one complete working game using an application appropriate to their age and experience

For senior high school students this is a great way to reintroduce them to skills prior to starting their programming standard.

For junior primary we can use Scratch Jr (you will need to bring along your own iPad/tablets with the app downloaded) and runs for 1 hour only. We can supply up to 10 devices but students work best on 1:1 devices

We provide additional projects to teachers to continue on after the visit.
